## Hydromx and Hydromx FS

---

### PRODUCT SPECIFICATION

This certificate covers the anti-corrosive additives 'Hydromx' and 'Hydromx FS' used in central heating systems with single and double heat exchangers.

### APPROVAL

The products are approved on the basis of the requirements set in the "Regeling materialen en chemicaliën drink- en warm tapwatervoorziening" (Regulation materials and chemicals for drinking water and warm tap water supply; published in the Government Gazette).

### CRITERIA HYGIENIC ASPECTS

The product certification is based on two main criteria. It should permanently comply with the:

- product recipe approved during the assessment procedure. This recipe is not to be changed without prior approval by Kiwa following the Kiwa approval procedure related to the hygienic aspects.
- specific product requirements (see "PRODUCT REQUIREMENTS HYGIENIC ASPECTS").

### PRODUCT REQUIREMENTS HYGIENIC ASPECTS

For this product no specific product requirements are applicable.

### APPLICATION AND USE

The following conditions apply to the use of 'Hydromx' and 'Hydromx FS':

- Hydromx and Hydromx FS are used to decrease the corrosion rate of material in central heating systems with single and double heat exchangers.
- Hydromx and Hydromx FS are added to the heating water and do not come into direct contact with drinking water.
- The maximal dose of Hydromx and Hydromx FS in the heating water is 50% v/v.

### MARKING

Design of the required Kiwa certification mark:

- "KIWA ", in ink or seal.

Location of the mark:

- On the product / On the packaging / On the delivery receipt.

Mandatory marks:

- "KIWA ";
- "Hydromx" or "Hydromx FS"
- "K92982".

### REMAINING CONDITIONS

The means for and the way of transportation, storage and packaging have to be in accordance with the directives as given by the consumer, taking into consideration the use of the product. (These guidelines are not a part of the hygienic criteria.)

### RECOMMENDATIONS FOR CUSTOMERS

1. Check at the time of delivery whether:
    - 1.1 the supplier has delivery in accordance with the agreement;
    - 1.2 the mark and the marking method are correct;
    - 1.3 the products show no visible defects as a result of transport etc.
  2. If you should reject a product on the basis of the above, please contact:
    - 2.1 Hydromx International San. ve tic. A.S.  
and, if necessary,
    - 2.2 Kiwa Nederland B.V.
  3. Consult the supplier's (processing) guidelines for the proper storage and transport methods.
  4. Check whether this certificate is still valid by consulting [www.kiwa.nl/ata](http://www.kiwa.nl/ata).
